A FLEET OF OIL TANKERS?

Can you imagine 60 large oil tank steamers coming into Honolulu harbor, each tank loaded with 40,000 barrels of oil? This amount represents the yearly contract just closed with the Associated and Standard Oil Companies of California—two and one-half million barrels.

Four years ago, after making a careful and exhaustive investigation of the Lakeview No. 2 Oil Company's prospects to deliver the goods, I decided to sell their stock in Hawaii. It was at that time simply a hole in the ground, but with every prospect of success. My friends and others bought stock in the company solely through confidence in my statement. The company, later on, brought in the largest oil well ever discovered in the United States. They have on hand over 3,000,000 barrels of oil in surface reservoirs and an unlimited supply under ground.

My satisfaction, after many months of anxiety, is that the stockholders' confidence was not misplaced.

The company has two large oil wells capped and closed down with a production of about TEN MILLION BARRELS, EQUIVALENT TO ABOUT FOUR MILLION DOLLARS YEARLY available for export as soon as business condition in Europe justify oil shipments. The company is incorporated for one million dollars—have sold 700,000 shares, leaving 300,000 shares as treasury stock. THE COMPANY HAS NO STOCK FOR SALE.

Four hundred shares former selling price \$100, are now worth TWELVE HUNDRED DOLLARS, this big profit only being possible in the oil business, and explains John D. Rockefeller's great accumulation of wealth. OUR FIRST DIVIDEND IS PAYABLE MARCH 15. I look for this stock to go to \$10 per share within twelve months.

Men or women, if you wish to better your condition in life and be somebody, now is your opportunity. I predict that if you buy some of this stock, it will help you to buy your own automobile and live on easy street.

Having only a limited amount of stock I will not guarantee delivery of any order to exceed 100 shares. PRICE \$3.00 PER SHARE. Drop me a letter at once or come and see me.
